

## Equal Opportunities Policy

**Uniform Education wishes all candidates on its register to be fully aware of the implications of equal opportunities.**

Uniform Education takes a positive approach to equal opportunities for all. Equality of opportunity means that all children have the opportunity to achieve the best possible development, regardless of their gender, ability, race, ethnicity, circumstances or age. Some vulnerable children may have been particularly disadvantaged in their access to important opportunities and their health and educational needs will require particular attention in order to optimise their current welfare, as well as their long-term outcomes in young adulthood.

Equal Opportunity policies vary across schools and local authorities. However, Uniform Education wishes to affirm its complete support of, and compliance with, the equal opportunity policies of the individual schools and authorities with which the Company deals.

Uniform Education affirms its determination to upload education programmes that ensure:

- Racial and cultural differences are respected;
- The rights of all groups are protected;
- Equal opportunity for all regardless of race, sex, disability, age, marital or civil partnership status, colour, ethnic or national origin, creed, sexual orientation, gender reassignment, and membership or non-membership of a trade union;
- The elimination of all practice which discriminates unfairly against any section of society.

Uniform Education is also concerned for the rights of pupils with special needs and takes full cognisance of the Special Needs Code of Practice. Therefore, Uniform Education wishes to ensure that pupils with special needs receive their full educational entitlement.

**Failure to comply with the spirit of the relevant legal requirements will result in your removal from Uniform Education's bank of staff.**
